Hi JD,

Quick heads up....there's a sample that was "ok'd" for West Ridge Oufall 002 for 4th quarter (sample date 10/10/11). Somebody on your end said it was o.k. to upload, but it's missing values for flow, temperature, F-DO, Oil and grease, TDS and field conductivity.

Hi Steve,

Just wanted to let you know that my plan is to enter the West Ridge data in today and tomorrow it is not news to me. I tried calling you but something either seems to be wrong with my phone or yours but thank you for the reminder!

Thank You
God Bless
JD Leonard
